My dear Mr. Fox,

Acting on your suggestion I write you before returning – with a view to an extention of time, you know Mr. Fox, I was anxious for it before leaving feeling assured my health required it, I am stronger than when I came but am yet far from being well.

Should a longer vacation be allowed us all I am willing to abide by that – but that, not occurring what are you willing to do for me? Fully expecting to be guided by your decision – at the same time hoping it may be favorable. I am

Yours &c.
